

2011 Press and Media Circuit Contact Details

For all NG Road Racing Promoted meetings, **PRESS / MEDIA PASSES** must be acquired from the circuit directly. Passes will generally only be granted to those with full press accreditation. You will normally require at least one letter of accreditation from a newspaper or publication to accompany your application.

It is advisable that contact is made with the circuit in good time to ensure you have the necessary paperwork.

All Press and Media personnel are reminded that you must sign-on in the Press Office/Race Office, when you arrive, for insurance reasons, but please be aware that it is advisable that you have your own personal insurance.

All Press and Media personnel must also be aware that although track-side access is generally granted without any problems, it is only under the supervision of the marshals/officials that are controlling that area of the circuit. If they feel that you are in a dangerous position, or are endangering others by your actions they will ask you to move.
